

Experience Counts

Long Bay Management Company [LBMC] has a strong management team whose members have been working together on various re-development projects since the firm's 1973 inception. Our team approach, combined with nearly 30 years of real estate experience, enables us to consistently get the job done. Long Bay Management has worked consistently with community groups, government agencies and tenants to help meet the economic and social needs of the residents. Over the years, we have demonstrated the capacity to plan, oversee, and implement repairs and improvements while successfully operating subsidized rental housing and commercial facilities.

The General Partners - who collectively have over 80 years of real estate experience. Long Bay Management brings its professionalism and resources while maintaining a level of responsiveness and senior management accessibility indicative of a small business. Teamwork, innovation, clearly defined policies and effective monitoring are characteristic across every function of the company.

Open lines of communication and a total corporate commitment to individual excellence provide Long Bay Management Company with the foundation for continued growth, and provide each of our clients with the security that the specific project requirements will be handled intelligently, efficiently and responsively.
